

A shed house combines practical design with comfortable living, creating a versatile solution for modern lifestyles. Whether you are looking for a compact home, guest accommodation, rural retreat, or a unique living solution, our shed houses can be designed around the way you want to live.

From modern architectural styles through to rustic rural designs, we work with you to create a building that balances functionality, comfort, and visual appeal. Choose from a range of materials, finishes, layouts, and features to create a truly personalised space.

Our shed houses can be custom designed and built, or supplied as a custom-designed kitset solution depending on your project requirements. Available in timber or steel construction, Ultra Built Sheds can help bring your vision to life.
